

GLACIER SPRINGS
PROPERTY OWNER'S ASSOCIATION
P. O. BOX 126
Maple Falls, WA 98266

Water Operator
Rick Benson
6016 36th Ave NE
Seattle, WA 98115
206-550-2270 (cell)
206-522-2557 (home)

WATER CONNECTION APPLICATION

NOTE: This document serves the Glacier Springs Property Owner's Association only, and is **NOT** the "Water Availability Form" (WAF) that is required when applying for a building permit. This county-required WAF will be sent to you after completing this application. (For reference, you can view a WAF at <http://www.co.whatcom.wa.us/health/pdf/water/water-availability-public-water.pdf>, but the GSPOA Water Operator listed above must fill these out.)

INFORMATION

Please list any additional information that you feel may be important for install, like dates, etc. One thing to note is that a water service tap ("tee") is already stubbed into one property corner and is shared by two adjacent lots, so if you are wondering which side of the property this is on, please contact the water manager listed above. You will then receive a plan view graphic illustrating the approximate location. This will help you determine where the water line will need to be excavated to your new home.

WATER CONNECTION FEE

A one-time \$700 water connection fee is required prior to hook up to the Glacier Springs Water System. Please make your check payable in U.S. funds to "GSPOA", and enclose it with this application.
